

2020 Garbage Rate Increase

The City's contract with Waste Control requires that all rate increases implemented by Waste Control shall be passed through to the City of Kalama customers. Waste Control has implemented an increase to their rates as of January 1, 2020. The City will hold a public hearing and publish the notice as required by RCW. The rate for Kalama residents will take effect on March 1, 2020.

What will the new rates be based on one time a week pickup?
